MEDICINA SPERIMENTALE  
E CLINICA

**Firenze, 15 June 2020**

Object: grants of Prof. Sofi and Prof. Amedei

I, the undersigned Prof. Corrado Poggesi, Director of the Department of Experimental and Clinical Medicine (DECM – University of Florence), certifies that Prof. Francesco Sofi and Prof. Amedeo Amedei were funded in 2016 and 2017 by the Italian Ministry of University and Research (MIUR) and the Foundation 'Ente Cassa di Risparmio di Firenze'. In detail:

- 1) GR-2016-02361162 - Modulation of gut microbiota through nutritional interventions in Behcet's syndrome patients: the MAMBA study
- 2) AMEACRF17- New therapeutic perspectives with functional foods in patients with early diagnosis of systemic sclerosis: Functional characterization of the different spatial structures of the microbiota (mouth, intestine and skin) and associated immune response

Best regards,

**Prof. Corrado Poggesi**
