Overview comments Dear Author, Thank you for providing me with the opportunity to assist you again with this manuscript. As requested, I have edited the text for language, grammar, punctuation, spelling, and improved clarity. I have edited the blue-color fonts as well as the rest of the text. Please make sure to change the font color before submission. The editing was done based on the American spelling approach. If the British approach is needed, some words will get a different spelling. Along the text, I have included some suggestions for your consideration. Should you have any concerns, please feel free to get back to me. My best wishes for your success with the manuscript.
