

We certify that the following article

Comparison between hepatocellular carcinoma prognostic scores: A 10-year single-center experience and a brief review of the current literature

Mauro Giuffrè

has undergone English language editing by MDPI. The text has been checked for correct use of grammar and common technical terms, and edited to a level suitable for reporting research in a scholarly journal.

MDPI uses experienced, native English speaking editors. Full details of the editing service can be found at
