

Dear Dr.MA,

Thank you very much for your decision letter and advice on our manuscript (Manuscript #58301) entitled “SRY-negative 45,X/46,XY adult male with complete masculinization and infertility: a case report and literature review”. We also thank the reviewers for the constructive comments and suggestions. We have revised the manuscript accordingly, and all amendments are indicated by red font in the revised manuscript. In addition, our point-by-point responses to the comments are listed below this letter.

1. We have provided the original figure documents and prepared and arranged the figures using PowerPoint.
2. The “Case Presentation” section has been re-written, and we have added the “FINAL DIAGNOSIS”, “TREATMENT”, and “OUTCOME AND FOLLOW-UP” sections to the main text, according to the Guidelines and Requirements for Manuscript Revision.

We hope that our revised manuscript is now acceptable for publication in your journal and look forward to hearing from you soon.

With best wishes,

Yours sincerely,
