#### **SPECIFIC COMMENTS TO AUTHORS**

This is an interesting case and the observations are worthy of publication. The manuscript is well written. My comments are very minor. Please see below:

Introduction: 1. Page 2, line 39: Recommend adding the following reference: Day J, Sanchirico PJ, and DC Pfeiffer, Giant hepatic cyst as a cause of gastric outlet obstruction. *Radiology Case Reports*, 2019. 14:1088-1092. <https://doi.org/10.1016/j.radcr.2019.06.015>.

Case Report: 1. Page 4, line 83-85: This sentence indicates the follow-up was completed at 2 weeks post cyst drainage whereas Figure 2 indicates the CT performed at 2 months post treatment. Please correct the discrepancy between these two statements.
