Holistic care model of time-sharing management for severe and critical coronavirus disease 2019 patients

Bo Yang, Yang Gao, Kai Kang, Jing Li, Lei Wang, Hui Wang, Ying Bi, Ming-Yan Zhao, Kai-Jiang Yu, Qing-Qing Dai

### Abstract

The rapid global outbreak of coronavirus disease 2019 (COVID-19) and the surge of infected patients have led to the verge of exhaustion of critical care medicine resources

Jun 22, 2020 - A day in the Medical Center's intensive **care** units and floors dedicated to **COVID-19 patients** brings many things. In the ICU, adults fight to live. On the floor, there's more hope of recovery. The common ties are front line and support staff who stride toward the threat and the cautious promise of new treatments that could make a difference between life and death.
