

## Certificate of Biostatistics

30 July 2020

To whom it may concern

**Title of Study:** Proliferation and tenogenic differentiation of BMSCs in a porous collagen sponge scaffold

**MS ID:** 58632

**Corresponding author:** Guanbin Song

This letter is to confirm that I have read the ethics application prepared for this study, and that in my opinion the statistical methods and techniques mentioned are appropriate for the research.

Please contact me if you have any queries.

Sincerely,

A handwritten signature in black ink, appearing to read 'Song', with a long horizontal flourish extending to the right.

Guanbin Song, Ph.D.
