Efficacy of carbon dioxide versus air insufflation ...

<https://onlinelibrary.wiley.com/doi/10.1111/den.12448>

Jan 27, 2015 · **Therapeutic endoscopic retrograde cholangiopancreatography (ERCP)** tends to require **considerable air insufflation**, which results in abdominal pain or distension. We investigated the efficacy of **carbon dioxide (CO₂)** compared with **air insufflation** when using two different sedation protocols in therapeutic ERCP. Methods
