We thank the reviewer for this important suggestion. We are willing to add reference, Vollmers HP. Dämmrich J, Ribbert H, Wozniak E, Müller-Hermelink HK. Apoptosis of stomach carcinoma cells induced by a human monoclonal antibody. *Cancer*. 1995; 76(4):550-558. We have added it as reference [4] and sentence. We also corrected typo on page 8.

(Reviewer 00505502)

We are sorry for insufficient explanation with figure1-4. We have made change to show interaction between cells and cytokine. We also spelled abbreviations out and corrected typesetting.

We thank the reviewer for the comments.

We have also gone through the manuscript and corrected any other typo's we have found and made the abbreviations easier to understand.

We would like to thank you for the opportunity to publish our manuscript in the *World Journal of Gastroenterology*. We look forward to hearing from you.
