COVID-19: An overview and a clinical update

Krishnan A *et al.* Overview of COVID-19

Arunkumar Krishnan, James P Hamilton, Saleh A Alqahtani, Tinsay A Woreta

Abstract

The outbreak of coronavirus disease-2019 (COVID-19, previously known as 2019 nCoV) caused by severe acute respiratory syndrome coronavirus 2 (SARS-CoV-2) infection in Wuhan City, China, has spread rapidly around the world. Most patients from the first cluster had an epidemiological connection to the Wuhan's Huanan Seafood Wholesale Market. Available evidence has shown that SARS-CoV-2 can be easily transmitted from person to person through close contact and respiratory droplets, posing a substantial
