Title: Colorectal Cancer Screening - 20 years of development and recent progress

Authors: Miroslav Zavoral, Stepan Suchanek, Ondrej Majek, Premysl Fric, Petra Minarikova, Marek Minarik, Bohumil Seifert, Ladislav Dusek

Name of Journal: *World Journal of Gastroenterology*

ESPS Manuscript NO: 5961

The manuscript has been improved according to the suggestions of reviewers and standards and format of *World Journal of Gastroenterology*:

1. Major revision of the manuscript has been performed to cover the topic of colorectal cancer (CRC) screening all over the world. It is focused on CRC screening programs in European countries with emphasis on the Czech CRC screening program as a typical example of all important developmental steps.
2. The "Discussion" section has been added. The in-depth discussion (918 words) originates from the part of the previous manuscript version and has been extended with the text based on data from most respected literature covering the subject of the article (37 references in this section).
3. Number of references exceeds 70, as recommended (71 references).
4. The format of references has been updated as recommended (Format for references document).
5. All PMID and DOI have been updated, if available.
6. The extensive English revision has been performed by native English speaker in professional language editing company. The recommendation letter is attached.
7. An unstructured abstract has been extended to 233 words, as recommended.
8. Number of key words has been reduced to 10, as recommended.
9. Core tip section has been reduced to 100 words, as recommended.
10. The manuscript format has been updated (size 10).
11. Copyright transfer letter has been signed (attached).

Thank you again for publishing our manuscript in the *World Journal of Gastroenterology*.

Sincerely yours,
