

Dear editor,

Title: Research Progress on O-GlcNAcylation in the Occurrence,
Development and Treatment of Colorectal Cancer

Manuscript ID: 60149

Following are our response about reviewers' comment to our manuscript No 60149:

Re #1: Thank you very much for Reviewer #1's comments and support on our article.
Our team will work harder to achieve greater breakthroughs.

Re #2: According to the requirements of Reviewer #2, our team added two tables, one
about the O-GlcNAcylation genes related to CRC, the other about the
O-GlcNAcylation therapeutic targets related to CRC.

We look forward to your reply.

Sincerely,
Yao Liu, Fang-Xing Peng
