[\[PDF\] Periapillary Metastases from Breast Cancer: A Case Report ...](#)

<downloads.hindawi.com/journals/crionm/2019/3479568.pdf>

We presented a **metastatic breast cancer case** who was afflicted with obstructive jaundice caused by an ampillary neoplasm. Since jaundice due to periampillary **metastasis** from **breast cancer** was a **rare** entity, a **literature review** of similar cases through the PubMed database was done. A total of 23 additional cases were found.

A Rare Tumor in the Common Bile Duct: A Case Report

<https://www.ncbi.nlm.nih.gov/pmc/articles/PMC5933476>

As our working diagnosis was pancreatic **cancer**, our patient underwent an uncomplicated pylorus-preserving pancreaticoduodenectomy. The surgical specimen revealed a tumor arising in the **common bile duct** with pancreatic involvement, and possible extension to the duodenum and into surrounding fat tissue (Fig. 2). The histopathological sections showed poorly differentiated carcinoma of the **common** ...
