

December 16, 2013

Dear Editor,

Please find enclosed the edited manuscript in Word format.

**Title:** IMMUNE RELATED MANIFESTATIONS IN CHRONIC HCV INFECTION

**Authors:** Maria Tampaki and John Koskinas

**Name of Journal:** *World Journal of Gastroenterology*

**ESPS Manuscript NO:** 6076

The manuscript has been improved according to the suggestions of reviewers:

1 Format has been updated

2 Revision has been made according to the suggestions of the reviewers

- (1) The language in the document has been thoroughly corrected and polished. We believe that the revised manuscript meets the expected standards as far as the language is concerned.
- (2) The content of the paper has been enriched according to the reviewers' comments. The provided information has been further analyzed and criticized by the authors as required. The additional comments are highlighted in the text.
- (3) We believe that the requested information about liver fibrosis is not totally relevant to the subject of this review and consequently we did not add any information regarding this topic.
- (4) The figures and tables have been improved according to the reviewer's suggestions.

3 References and typesetting were corrected

Thank you again for publishing our manuscript in the *World Journal of Gastroenterology*.

Sincerely yours,

Dr. Maria Tampaki
