

Dear World Journal of Gastrointestinal Oncology Editorial Board,

This is to certify that all biostatistical analysis for our paper entitled “**Same Day Resin-based Y90 Radioembolization with SPECT/CT: An Opportunity to Improve Care for Patients with Liver Cancer During the COVID-19 Pandemic**” was performed by biostatisticians within the Department of Radiology and Imaging Sciences at Emory University School of Medicine.

Sincerely,

Keywan Behbahani

A handwritten signature in black ink, appearing to read "Keywan Behbahani".
