

Dear editor and reviewers,

We would like to thank you for your thoughtful and often enthusiastic comments regarding our submitted manuscript. We appreciate the opportunity to respond to your comments, and we hope that the editor will be willing to reconsider our manuscript for publication. All reviewers had concerns regarding the manuscript. Below, we respond to each comment by the reviewers. In addition, changes and additions to the manuscript are highlighted in red. We look forward to hearing from you soon.

Sincerely,

Cheng-Dong Piao

Comments:

It would be prudent to include a table or discussion on various surgical methods to treat this condition and compare it with the current treatment modality to clearly depict benefits associated with the novel technique.

R: We added this information to the discussion.

(1) The authors did not provide the approved grant application form(s). Please upload the approved grant application form(s) or funding agency copy of any approval document(s)

R: We removed this sponsorship. Because this topic has been completed at the end of this year.

(2) The authors did not provide original pictures. Please provide the original figure documents. Please prepare and arrange using PowerPoint to ensure that all graphs or arrows or text portions can be reproducible by the editor.

R: Now, we have used PowerPoint to prepare and organize these pictures and upload these files.

However, the quality of the English language of the manuscript does not meet the requirements of the journal. Before final acceptance, the author(s) must provide the English Language Certificate issued by a professional English language editing company.

R: The manuscript has been re-proofed and re-edited by English-speaking professional editors to ensure that the language and grammar are clear to meet the Editorial Office's requirements.
