

Certificate of Biostatistics

Catania, 30th November 2020

To whom it may concern

Title of Study: Arthroereisis in juvenile flexible flatfoot: which device we should implant?

Chief investigator: Andrea Vescio,

Department of General Surgery and Medical Surgical Specialties, Section of
Orthopaedics and Traumatology, University Hospital Policlinico-San Marco, University
of Catania, Via Santa Sofia, 78, 95123 Catania CT (Italy).

This letter is to confirm that I have read the ethics application prepared for this study, and that in
my opinion the statistical methods and techniques mentioned are appropriate for the research.

Sincerely,

A handwritten signature in black ink that reads "Andrea Vescio". The signature is written in a cursive style with a large initial 'A' and 'V'.

Andrea Vescio,

Department of General Surgery and Medical Surgical Specialties, Section of
Orthopaedics and Traumatology, University Hospital Policlinico-San Marco, University
of Catania, Via Santa Sofia, 78, 95123 Catania CT (Italy).
