## [Immediate and long-term impact of the COVID-19 pandemic ...](#)

<https://bjssjournals.onlinelibrary.wiley.com/doi/10.1002/bjs.11670>

Introduction. The pandemic of COVID-19 caused by the coronavirus SARS-CoV-2 1 is disrupting global health, social welfare and the economy in a proportion unparalleled in modern history. In addition to the effects of the disease itself on public health, a collateral effect from near-universal disruption and cancellation of surgical services has emerged.

<https://journals.sagepub.com/doi/full/10.1177/0020872820949614>

Aug 20, 2020 - In social work ethics, we tend to draw on concepts such as 'professional ethical wisdom' or 'ethics work' (Banks, 2016, 2018) to encapsulate the combination of ethical sensitivity, reasoning, emotion, identity and performance work that goes into the process of being an ethical practitioner and acting ethically. However, 'ethical ...

## [Early Covid-19 vaccination rollout: a commentary from ...](#)

[https://ijhpr.biomedcentral.com/articles/10.1186/s13584-021-00451-3](#) ▾

Feb 26, 2021 · The story of the early stages of the Covid-19 vaccine rollout in Israel makes inspiring reading. For a small country to have planned a programme, largely at the State's expense, to vaccinate a large proportion of its population, and to have begun executing this plan with great speed during December 2020, in the midst of a substantial wave of the disease, ...
