#### **SPECIFIC COMMENTS TO AUTHORS**

I was honored to review the manuscript entitled Analysis of Ginseng Polysaccharide as a Potential Novel Therapeutic Agent for Treating Gestational Diabetes Mellitus submitted to World Journal of Diabetes. The study presents high quality and deals with important clinical issue, such type of study is needed. I have only few small remarks that authors should address properly. I recommend to accept the manuscript after minor revision.

There are only some points to correct: - please provide the list of abbreviations - introduction and discussion section need improvement - please provide information on how your results will translate into clinical practice - in discussion section please provide study strong points and study limitation section - please correct typos I recommend to accept the manuscript after minor revision.
