### Tension Pneumothorax - StatPearls - NCBI Bookshelf

<https://www.ncbi.nlm.nih.gov/books/NBK559090>

Jan 23, 2021 · Pneumothorax is the collapse of the lung when air accumulates between the parietal and visceral pleura inside the chest. The air is outside the lung but inside the thoracic cavity. This places pressure on the lung and can lead to its collapse and a shift of the surrounding structures. Pneumothoraces can be traumatic or atraumatic. Traumatic pneumothoraces occur secondary to ...

### The early diagnosis and management of mixed delirium in a ...

<https://www.sciencedirect.com/science/article/pii/S0964339717300393>

Feb 01, 2018 · The **diagnosis** of delirium based on **clinical suspicion** is considered insufficient (Jackson and Khan, 2015, Barr et al., 2013). Rather, monitoring is suggested using validated tools: the Intensive Care Delirium Screening Checklist and Confusion Assessment Method for Intensive Care Units (CAM-ICU) (Jackson and Khan, 2015, Van den Boogaard et al., 2012b, Trogrlic et al., 2015, Barr et al., 2013).
