[Capecitabine \(Professional Patient Advice\) - Drugs.com](#)

<https://www.drugs.com/ppa/capecitabine.html>

Jun 20, 2020 - Persistent hand-and-foot syndrome (grade 2 and higher) could eventually lead to fingerprint loss. If grade 2 or 3 hand-and-foot syndrome occurs, interrupt administration of capecitabine until the event resolves or decreases in intensity to grade 1. Following grade 3 hand-and-foot syndrome, decrease subsequent doses of therapy.
