

January 11, 2014

Dear Editor,

Please find enclosed the edited manuscript in Word format (file name: 6224-review.doc).

**Title:** Left ventricular pseudoaneurysm: A Case report and review of the literature.

**Author:** Lavanya Alapati, W. Randolph Chitwood, John Cahill, Sanjay Mehra and Assad Movahed

**Name of Journal:** *World Journal of Clinical cases*

**ESPS Manuscript NO:** 6224

The manuscript has been improved according to the suggestions of reviewers:

1 The changes have been made as per editor's suggestions and highlighted in the edited manuscript.

2 Revision has been made according to the suggestions of the reviewer as follows:

- (1) Coronary arteriography is deleted
- (2) Chest x-ray has been changed to chest radiograph in case description 2<sup>nd</sup> paragraph and discussion 3<sup>rd</sup> paragraph.
- (3) TTE findings in case description were elaborated instead of saying consistent with infarction and ruptured ventricular wall.
- (4) We pointed out that size of the neck is smaller than size of pseudoaneurysm sac.
- (5) In 3<sup>rd</sup> paragraph, the spelling of ventricle is corrected.
- (6) We deleted the anterior wall MI being the risk factor in 2<sup>nd</sup> paragraph of discussion.
- (7) Figures 5 and 6 are deleted and replaced with a figure that shows the connection between left ventricle and left ventricular pseudoaneurysm.

Thank you again for publishing our manuscript in the *World Journal of Clinical Cases*.

Sincerely yours,

Assad Movahed, MD
