

Informed consent statement

Manuscript Title : Distribution and drug resistance of pathogens in burn patients in China from 2006 to 2019

MS number:

Manuscript type : Clinical practice study

Authors: Hui Chen, Lin Yang, Lin Cheng, Xiao-Hua Hu, Yu-Ming Shen

Informed consent statement : Patients were not required to provide informed consent to the study because the analysis used anonymous data that were obtained after each patient agreed to the treatment by written consent form.

Sincerely

Yu-Ming Shen
