

Dear professor Tang,

We would like to thank the editor and the reviewers for their conscientious reviews, and insightful comments and suggestions to improve the manuscript. In the response below, we have addressed all the concerns raised by the editor and the reviewers in the revised manuscript. We hope the editor and the reviewers will find that our revised manuscript has improved and is suitable for publication.

I hope my paper could achieve the academic standards of your magazine and be published finally. Thank you very much.

Yours Sincerely,
Lixuan Sang

Response to Reviewers Comments

Manuscript NO: 62532

Title: Corrigendum to “Probiotic mixture VSL#3: An overview of basic and clinical studies in chronic diseases”

Authors: Li-Xuan Sang

Reviewers' comments:

Reviewer #1: This is a correction of an article published in the journal. The authors make a further explain for the probiotic mixture VSL#3. No further comments.

Response: Thank you very much for your comments. And we will submit our correction and relevant documents on time.
