**Confirmation of professional scientific editing by native English speaker
18 March 2021**

To whom it may concern:

This letter is to confirm that I have personally edited the scientific article entitled "*Helicobacter pylori* infection and other bacteria in pancreatic cancer and autoimmune pancreatitis," by Lumir Kunovsky et al.

Except for the references, which I did not review, I edited the paper in its entirety for English, general scientific style, and the editorial standards of *World Journal of Gastrointestinal Oncology*. There should be no substantive errors of spelling, English grammar, or proper scientific style.

I am a professional editor and a native speaker of English with greater than 40 years of relevant experience. I edit approximately 150 scientific articles annually across a broad range of basic and applied life sciences, including diverse medical sciences.

Should you have any questions regarding the editorial work on this paper, please feel free to contact me.

Best regards,

Gale A. Kirking, CFA, MBA
