**New Year's greeting and overview of *World Journal of Transplantation* in 2021**

Yan JP *et al.* New year's greeting and overview of *WJT* in 2021

### Abstract

*World Journal of Transplantation* (WJT) was launched in December 2011. While we are celebrating WJT's 10-year anniversary, we are very proud to share with you that since its first issue, WJT has published 312 articles, which have been cited 2786 times (average cites per article of 9.0). Together with an excellent team effort by our authors, Editorial Board members, independent expert referees, and staff of the Editorial Office, WJT

However, over the years, the indications for ECP have increased as it promotes anti-inflammatory and tolerogenic responses without causing global immuno-suppression . In solid organ **transplantation**, ECP has been successfully used to treat acute heart allograft rejection and chronic allograft dysfunction after lung **transplantation** [41, 42].
