

According to the comments of Referee 1

1. A new section has been written about autophagy in HBV and HCV-associated carcinogenesis..
 - a. This is presented under the heading " 5. Autophagy in HBV and HCV related HCC" in the text.
 - b. For this reason, new references have been added in the references section: Refs. 233-250.
 - c. Accordingly, the number of references 228, 229, and 230 in the first submitted form of the manuscript have been changed to" 251, 252, and 253".
2. Because both referees asked for minor language revision. The language is revised by AJE, and the certificate is presented.
3. According to the comment of the Editor new references (refs no.10, 41, 116, 169, and 170) have been included in the references section. Figures prepared and arranged using PowerPoint to ensure that all graphs or arrows or text portions can be reprocessed have been presented.
