

Dear Editor-in-Chief,

Please find the revised manuscript, "Sugar intake from sweetened beverages and Diabetes: A narrative Review" (ID #: 03352587) to the World Journal of Diabetes. We appreciate the comments from the Editors and reviewers. We have revised the manuscript in accordance with this feedback, and comment. As requested, we have uploaded a clean version of the revised manuscript and accompanying files.

This literature review provides an overview of (1) the association between SSB consumption and the risk of T2DM, (2) types of SSB consumption and T2DM, (3) the effect of obesity and inflammation on the association between SSB consumption and risk of T2DM, and (4) SSB consumption in T2DM patients. This manuscript has not been and will not be submitted to any other journal while it is under consideration by World Journal of Diabetes. All authors declare no conflict of interest.

Your consideration in this matter is highly appreciated, and we look forward to hearing from you in regard to the decision on this manuscript.

Sincerely,

Tung-Sung Tseng, DrPH, MS, CHES/MCHES  
Charles L. Brown, Jr., MD Professor of Health Promotion and Disease Prevention
