## SPECIFIC COMMENTS TO AUTHORS

Very interesting and useful information

Response: We are grateful to the reviewer for the positive response to our manuscript

**1) Science editor:** 1 Scientific quality: The manuscript describes a review of the liver disease and COVID-19. The topic is within the scope of the WJG. (1) Classification: Grade C; (2) Summary of the Peer-Review Report: The review summarises the up to date knowledge on liver injury in the context COVID-19 disease in patients. It is important and actual at the present time, pandemic time; and (3) Format: There is 1 table and 1 figure. (4) References: A total of 124 references are cited, including 97 references published in the last 3 years;

(5) Self-cited references: There are 3 self-cited references. The self-referencing rates should be less than 10%. Please keep the reasonable self-citations that are closely related to the topic of the manuscript, and remove other improper self-citations. If the authors fail to address the critical issue of self-citation, the editing process of this manuscript will be terminated;

Response: Our self-citations are closely related to the topic of the manuscript

(6) References recommend: The authors have the right to refuse to cite improper references recommended by peer reviewer(s), especially the references published by the peer reviewer(s) themselves. If the authors found the peer reviewer(s) request the authors to cite improper references published by themselves, please send the peer reviewer's ID number to the [editorialoffice@wjgnet.com](mailto:editorialoffice@wjgnet.com). The Editorial Office will close and remove the peer reviewer from the F6Publishing system immediately. 2 Language evaluation: Classification: Grade B. 3 Academic norms and rules: No academic misconduct was found in the Bing search. 4 Supplementary comments: This is an invited manuscript. No financial support was obtained for the study. The topic has not previously been published in the WJG. 5 Issues raised:

(1) The authors did not provide original pictures. Please provide the original figure documents. Please prepare and arrange the figures using PowerPoint to ensure that all graphs or arrows or text portions can be reprocessed by the editor;

Response: We send the original image, made using PowerPoint but created with [biorender.com](https://biorender.com)
