Topic: Biostatistics certificate

To Whom It May Concern,

By this letter, I confirm that I have reviewed the manuscript "*Is arthroscopic removal an effective treatment option for intra-articular osteoid osteoma of the knee?*" authored by Mihovil Plečko, Alan Mahnik, Damjan Dimnjaković, and Ivan Bojanić and find the statistical methods and techniques used in the manuscript appropriate for this type of research.

Sincerely,

Tamara Poljičanin MD, PhD
