SPECIFIC COMMENTS TO AUTHORS

The authors provide an interesting review on the combination of surgery and endovascular intervention to the management of AMI. Detailed comments: 1. the main major recent references on the management of AMI form intestinal stroke center such as Corcos et al. Clin Gastroenterol Hepatol 2013, Nuzzo et al. Am J Gastroenterol 2019, Yang et al. Thromb Res 2015 are lacking. 2. The Original scientific contribution presented in the manuscript is not noticeable and clear. 3. Discuss further potential measures to rescue the non-survivors.
