To the Editor

World Journal of Stem Cells

Dear Editor,

we are pleased to submit to the attention of the editorial board of **World Journal of Stem Cells**, the invited (ID 00225326) opinion review paper “**The role of induced pluripotent stem cells in diagnostic cardiology**”.

We certify that the paper is written by a native English speaker and it is prepared according to the 'Instructions for Authors'.

The submitting author declare that the co-authors have read the manuscript and approved its submission to **World Journal of Stem Cells**.

Conflict of Interest: none declared.

Thanks for your attention.

Sincerely yours

Prof. Vittorio Fineschi, MD, PhD
