1. Can you put in the patient number in the population column of Table 2?	1. All the patient numbers have been added (in the highlighted section of the table in the population column).
2. Some typographical errors may need to correct, such as on page 8 line 3, page 11 line 2, page 12 line 4, page 14 line 1.	3. Typographical errors have been checked and corrected.
