

INFORMED CONSENT STATEMENT

Name of Journal: World Journal of Clinical Oncology

Manuscript NO: 64356

Manuscript Type: Retrospective Study

A biomarker study in Peruvian males with breast cancer

Carlos A. Castaneda, Miluska Castillo, Luis A. Bernabe, Joselyn Sanchez, Ebert Torres, Nancy Suarez, Katherine Tello, Hugo Fuentes, Jorge Dunstan, Miguel De-La-Cruz, Jose Manuel Cotrina, Julio Abugatas, Henry Guerra, Henry L. Gomez.

Patients were not required to give informed consent to the study because the analysis used anonymous clinical data that were obtained after each patient agreed to treatment by written consent.

Sincerely,

A handwritten signature in dark ink, appearing to read 'Castaneda', with a large, sweeping horizontal stroke underneath.
