**Subject: Native English**

Dear Sir or Madam,

We herein certify that the following document has been edited for English language by the native English-speaking co-author: Guoruey Wong.

**Manuscript title:**

Evaluating affect regulation in psychoanalytic treatments of patients with a borderline personality disorder – Psychoanalysis and Psychodynamic Psychotherapy – a comparison

Guoruey Wong has already edited for English language and published the following manuscript in the World Journal of Meta-Analysis: Löffler-Stastka H, Wong G. Learning and competence development *via* clinical cases – what elements should be investigated to best train good medical doctors? *World J Meta-Anal* 2020; 8(3): 178-189

Should you require any additional information, please do not hesitate to contact us.

Sincerely,

Dagmar Steinmair, MD
