RE: *“Assessing disease activity in pediatric Crohn’s disease using the PCDAI: Can we rely on subjective or objective parameters alone?”*

February 20<sup>th</sup>, 2021

This letter affirms that the statistical methodology used is appropriate for this research. All analyses were carried out personally by me and reviewed by the study team.

Should you have any questions, please feel free to contact me.

Sincerely,

A handwritten signature in black ink, appearing to read 'Amy Grant'.
