<https://www.sciencedirect.com/science/article/pii/S0360301608000424>

Sep 01, 2008 · **Hyperbaric oxygen therapy** was first reported to have efficacy in the **treatment** of late **radiation proctitis** in 1990 . Since then, numerous studies have been published ( Table 2 ). In most instances, they represented small series or single case reports, did not use a specified toxicity scale, and lacked sufficient follow-up.
