

Dear researchers from Editorial Office

We want to thank for your carefully examination of this work. We have incorporated the editorial recommendations into the text and we also have included a figure.

We appreciate very much your assessment of our efforts in reviewing this article and considering it well written and timely on an important topic.

- We have eliminated some redundant phrases in the apartment “benefits and constraints to implementation”

- We have included some technical data of prescription and execution of radiotherapy in the tables.

We want to sincerely thanks to both editor and reviewers.

Best Regards.

Castalia Fernández , M.D.
