I, Dr Sandheep Sugathan, Professor in Public Health, Quest University, Malaysia, certify that the statistical analysis of article entitled:

**“Intraosseous device for arthrodesis in foot and ankle surgery: review of the literature and biomechanical properties”**

was verified at our Department of Public Health, Quest University. In my opinion, the statistical methods and techniques mentioned are appropriate for the research article.

This certificate is delivered to the concerned person for facilitating the article to be published in the World Journal of Orthopaedics.
