

## ET AL. TRANSLATIONS

This document certifies that the manuscript listed below was edited for proper English language, grammar, punctuation, spelling, and overall style by Martha Elizabeth Gaustad, a highly qualified, native English-speaking professional translator, reviser, and copy editor with over 30 years of experience. She is a member of the Spanish Association of Translators, Revisers and Interpreters (ASETRAD) and lecturer of Translation and Interpreting at the Universidad de Córdoba, Spain.

Ms. Gaustad is a U.S. born citizen, educated at American and Spanish schools, including the University of California at Berkeley, San Francisco State University, and the Universidad de Córdoba. She holds a B.A. in Spanish from the University of California at Berkeley and an M.A. in English from the Universidad de Cordoba, Spain, where she is lecturer of the B.A. in Translation and Interpreting.

She has translated from Spanish and revised hundreds of original scientific papers, reviews, and book chapters in her native English language for publication in leading international journals in a wide variety of fields.

**Manuscript title:** Short-term outcomes of robotic liver resection: An initial single-institution experience
