#### **SPECIFIC COMMENTS TO AUTHORS**

Thank you for the invitation to review the manuscript entitled, "The prevalence of Intellectual Disability in India: A meta-analysis." The authors aimed to establish the lifetime summary-prevalence ID for the past 60-year period in India. The value was 2% (adjusted prevalence=1.4%). The manuscript is well-written, technically sound with a robust methodology. I recommend acceptance for publication after a few corrections.

LITERATURE SEARCH 1. An "e" is missing at the "Cohran Library." Should read Cochrane library. RESULTS 2. Please replace "data bases" with "databases."
