

Siena, March 26th 2020

I, L. Mesh, born, raised and educated in the USA, and resident in Siena (Italy), attest here that i have reviewed and corrected the manuscript entitled "Arthroscopic vs open ankle arthrodesis: A prospective case series with seven years follow-up" by Federico Morelli, Giorgio Princi, Matteo Romano Cantagalli, Marco Rossini, Ludovico Caperna, Daniele Mazza and Andrea Ferretti.

If you need to contact me, you can do so via the following methods:

kapezz@hotmail.com or +393393212001

A handwritten signature in black ink, appearing to read 'L. Mesh', followed by a horizontal line.
