### Does tobacco use cause psychosis? Systematic review and ...

[https://www.thelancet.com/journals/lanpsy/article/PIIS2215-0366\(15\)00152-2/fulltext](https://www.thelancet.com/journals/lanpsy/article/PIIS2215-0366(15)00152-2/fulltext)

We undertook a systematic review and meta-analysis of prospective, case-control, and cross-sectional studies to test four hypotheses. First, that an excess of tobacco use is already present in people presenting with their first episode of psychosis. Second, that daily tobacco use is associated with an increased risk of subsequent psychotic ...
