### Alignment of the hindfoot in total knee arthroplasty : a ...

<https://biblio.ugent.be/publication/8690932> ▾

Jan 29, 2021 - Aims Patients with a deformity of the hindfoot present a particular challenge when performing total knee arthroplasty (TKA). The literature contains little information about the relationship between TKA and hindfoot alignment. This systematic review aimed to determine from both clinical and radiological studies whether TKA would alter a preoperative hindfoot deformity and whether the ...
