

Dear editor

We are very glad to hear from you. And it is our honored than our manuscript can be accepted by your magazine. According to the peer review experts' comments, the article is modified accordingly. The details are as follows:

1. The research background is added in the abstract to facilitate readers' understanding.
2. The inclusion criteria and exclusion criteria were added.
3. Part of the discussion content has been modified to increase readability.
4. References are marked with PMID code and DOI code.

Thank you again for your help and guidance. I wish you a happy work and greater achievements.

Sincerely

Gu Guoli
