**RE: Non-native speaker declaration - article “Role of Nutritional Ketosis in the Improvement of Metabolic Parameters following Bariatric Surgery”**

To whom it may concern

This letter is to ask for a waiver of the non-native speaker of English editing certificate. As an author of several manuscripts published in English and a member of the Editorial Board of the WJD, I believe that my knowledge of the English language is more than adequate to deliver a well-written manuscript.

Please contact me should you have any queries.

Sincerely,
