

Reviewer #1:

The authors have presented a rare presentation of scrub typhus. In the presentation, there are some duplications due to the need for following the care guidelines. For example the Figures are quoted in text twice. This may be corrected. There are some grammatical corrections suggested in the accompanying attachment, which may be incorporated in the paper.

Thank you for your reminders and suggestions, we have made appropriate changes based on your suggestions in the revised manuscript.

Science editor:

Issues raised:

(1) The "Author Contributions" section is missing. Please provide the author contributions;

We have provided the "author contributions" .

(2) The authors did not provide the approved grant application form(s). Please upload the approved grant application form(s) or funding agency copy of any approval document(s);

We have uploaded the relevant documents of the grant fund.
