

Invited Manuscript ID: 02731847

Name of journal: *Artificial Intelligence in Gastrointestinal Endoscopy*

Manuscript Type: Minireview

Artificial intelligence for imaging diagnosis of hepatocellular carcinoma

Ballotin *et al.* AI and HCC

Vinícius Remus Ballotin, Lucas Goldmann Bigarella, John Soldera, Jonathan Soldera

Vinícius Remus Ballotin, Medical Student, Lucas Goldmann Bigarella, Medical Student. School of Medicine, Universidade de Caxias do Sul (UCS), Caxias do Sul, Brazil.

John Soldera, PhD. Computer Scientist, Universidade Federal do Rio Grande do Sul (UFRGS), Porto Alegre, Brazil.

Jonathan Soldera, MSc, MD. Clinical Gastroenterology, Universidade de Caxias do Sul (UCS), Caxias do Sul 95070-560, Brazil.

Soldera J has attained a Certificate of Proficiency in English (level C2 - highest) by Cambridge Assessment English, which proves that you can communicate with the fluency and sophistication of a highly competent English speaker (<https://www.cambridgeenglish.org/exams-and-tests/proficiency/>). Thus, a review of the paper by an English Editing company is unnecessary, since such certificate is used to prove status of equivalence to native English speaking.
