August 22, 2021

Dear Dr. Chen-Chen Gao,

I am Yoshiro Abiko, BA, DDS, Ph.D., President of the Japanese Society of Psychosomatic Dentistry (JSPD), and in such capacity duly authorized to allow the Authors of the manuscript titled "Phantom bite syndrome: Revelation from clinically focused review" re-publishing the figure that has been published by JSPD in the following article "Umezaki Y, Watanabe M, Takenoshita M, Yoshikawa T, Sakuma T, Sako E, Katagiri A, Sato Y, Toyofuku A. A case of phantom bite syndrome ameliorated with the attenuation of the asymmetrical pattern of regional cerebral blood flow. *Jpn J Psychosom Dent* 2013; 28: 30-34."

Yours faithfully,

Yoshiro Abiko, BA, DDS, PhD

President of the Japanese Society of Psychosomatic Dentistry
