Dear Abhilash Koratala:

The Radiological Society of North America (RSNA<sup>®</sup>) is pleased to grant you permission to reproduce the following figure in electronic format for use in Non-Profit Journal (World Journal of Critical Care Medicine), provided you give full credit to the authors of the original publication.

Figure 19  
McNaughton D A, Abu-Yousef M M. Doppler US of the Liver Made Simple<sup>1</sup>. *RadioGraphics*  
2011;31:161-188.

This permission is a one-time, non-exclusive grant for English-language use and is exclusively limited to the usage stated and underlined above. The requestor guarantees to reproduce the material as originally published. Permission is granted under the condition that a full credit line is prominently placed (i.e. author name(s), journal name, copyright year, volume #, inclusive pages and copyright holder).

This permission becomes effective upon receipt of this signed contract. Please sign a copy of this agreement, return a signed copy to me and retain a copy for your files. Thank you for your interest in our publication.
